380 Crown Point Circle
Grass Valley, CA 95945
Tel: 001/530/271 2500
Fax: 001/530/271 2550
Email: aguiffrida@axsys.com
URL: www.axsys.com

Company Profile: For over 40 years, Axsys has been designing and delivering accurate and reliable optical and motion control solutions to the US government and to high performance commercial markets. Axsys engineers are applying this experience to create increasingly sophisticated, vertically integrated systems that combine optics and motion. Providing unprecedented image stability, Axsys gyro-stabilized camera systems provide stunning real-time video from airborne, marine, and ground vehicles.

3) Co-Operative Industries Aerospace

Jim Green
Overseas Business Development

5133 Northeast Parkway
Fort Worth, Texas 76106
Tel: 001/817/740-4700
Fax: 001/817/624-4282
Email: jemwilcox@yahoo.com
URL: www.coopind.aero

Company Profile: Co-Operative Industries is a FAA, EASA and CAAC Certified Repair Station for electrical wiring harnesses. We specialize on the CFM56 family of engines as well as GE 90 engine harnesses. Additionally, we repair the PW 4000 QEC and engine harnesses, CF6-80 QEC harnesses and V2500 engines harnesses. We program and sell computerized wiring harness Test Equipment. We also manufacture T-58 thermocouple harnesses and QEC harnesses for the T56 engine for the C130 Aircraft.

4) Germfree Labs, Inc.

Keith Landy
Vice President

11 Aviator Way
Ormond Beach, FL 32174
Tel: 001/386/677-7742
Fax: 001/386/677-0442
Email: klandy@germfree.com
URL: www.germfree.com

Company Profile: Germfree Labs, Inc. manufactures turnkey mobile laboratories for military and civilian NBC operations. Additionally, we manufacture all of the critical primary and secondary containment equipment which we provide to international integrators. Our mobile laboratories are available in a variety of platforms including C-130 transport and meeting NATO STANAG 4632. Germfree is the prime supplier of Portable and Mobile Class III Biological Safety Cabinets (BSC) Glovebox and Filtration systems that meet U.S. Military specifications for ruggedization and transportation.

5) PDI Group Inc.

Clay Bridges
Business Development Director- Europe/Middle East

5905 Grant Avenue
Cleveland, Ohio 44105
Tel: 001/216/271-7344
Fax: 001/954/565-2790
Email: clayb@pdi-gss.com
URL: www.pdi-gss.com

Company Profile: We are a corporation composed of three companies, one in Cleveland, one in Ft Walton Beach and the other a joint venture. We are the only corporation to manufacture the full spectrum of munitions (or weapons) support equipment, from bomb and missile build up equipment in the munitions area to transporting it to the flight line to loading it on fighter aircraft. We make all of the equipment needed to do that and also make specialized equipment for Special Forces. In addition we also have a commercial product line which manufactures specialty running gear or "axles" for the commercial world. For instance we designed and manufactured an axle for NASA to move Space Shuttle components.

6) Raydon Corporation (also U.S. Pavilion Exhibitor)

Terra Brock
Marketing Manager

210 Fentress Blvd.
Daytona Beach, FL 32114
Tel: 001/386/267-2936
Fax: 001/386/271-2284
Email: tbrock@raydon.com
URL: www.raydon.com

Company Profile: Raydon Corporation is the leader in innovative simulation training products and solutions; we are the top provider of convoy trainers to the United States Armed Services, and the largest domestic commercial source of novice driver trainers. Our family of Virtual Convoy Trainers include Embedded Trainers, Tabletop Trainers, Appended Trainers, and Institutional Trainers for ground combat. Raydon also produces Driver Training simulators and Computer Based Training for automobile driver training.

7) TechFiber LLC

Miles Rothman
